

Hello Students,

This is our 9th week of online lessons and I wish I was with you all.

I miss your **CREATIVITY** in all its forms whether it be artistically *Musical* or *Visual*.

Just like I hope to inspire you...YOU Inspire me and make my world a better place. I'm holding you all in my thoughts and hoping you are staying healthy and safe. If you have any questions, comments or just want to say "hi" or show me something you can email me at kconway@hvesd.com. Take good care, hugs, Ms. Conway

Art Lesson of the week:

Finish the Photo

Start by using an old magazine that your family will let you cut up for this project.

Carefully cut out an image that you like (Ranger Rick or other animal image type magazines would be fun for this project). Glue the image down with ideas in mind of what you want your picture to become (so you know where to leave space on your paper).

Try not to go crazy on the amount of glue

you use so you can still draw on most areas of your page. Make a simple line drawing to finish what you want to happen in your picture. It's amazing the fun imagery you'll be able to create

Also for your Coloring pleasure is a **coloring page** from **The California Academy of Sciences**:
